

Health and Safety Policy

Date: November 2023

Next Review date : November 2024

1.0 PART ONE – STATEMENT OF POLICY

1.1 This is the health and safety policy of Marlborough Primary School, which should be read in conjunction with [Cardiff Council's Health and Safety Policy](#) and the [Health and Safety Policy of the Education Service](#).

1.2 The School accepts its responsibilities under the Health and Safety at Work etc. Act 1974, for providing a safe and healthy workplace and working environment for all its employees, pupils, visitors, contractors and other persons who may be affected by its activities.

1.3 The Senior Management Team and the School Governing Body will take all reasonable steps to ensure that Cardiff Council's Health and Safety Policy, the Health and Safety Policy of the Education Service and their own schools Policy are implemented and, that guidance documents are followed and monitored throughout the School.

1.4 The School is committed to ensuring a high standard of health, safety and welfare. This will be achieved by the following:

- Assessing and controlling risks arising from curriculum and non-curriculum activities
- Maintenance of a healthy and safe working and learning environment with safe means of access and egress
- Safe working practices and the provision and maintenance of safe plant and equipment
- Arrangements to ensure that no person is adversely affected by any article, substance, equipment or machinery used.
- Consultation with staff and trade union representatives on matters affecting health and safety
- Provision and dissemination of health and safety information which is received from the Education Service and other sources
- Ensuring staff are competent to carry out tasks safely by the provision of effective information, instruction, training and supervision
- Ensuring that adequate welfare facilities exist at the school
- Having procedures for emergencies
- Monitoring and review of health and safety standards / accident statistics
- Accessing competent advice from Health and Safety Advisers in relation to health and safety matters
- Ensuring adequate resources are made available for health and safety issues, so far as is reasonably practicable

1.5 This Policy and referenced documentation is available to all staff and tutors. A hard copy of the Policy document can be found displayed in the Head Teachers room, *within* the School and also within staff handbooks.

1.6 This Policy will be reviewed as necessary at regular intervals and at least annually.

2.0 PART TWO – ORGANISATION AND RESPONSIBILITIES

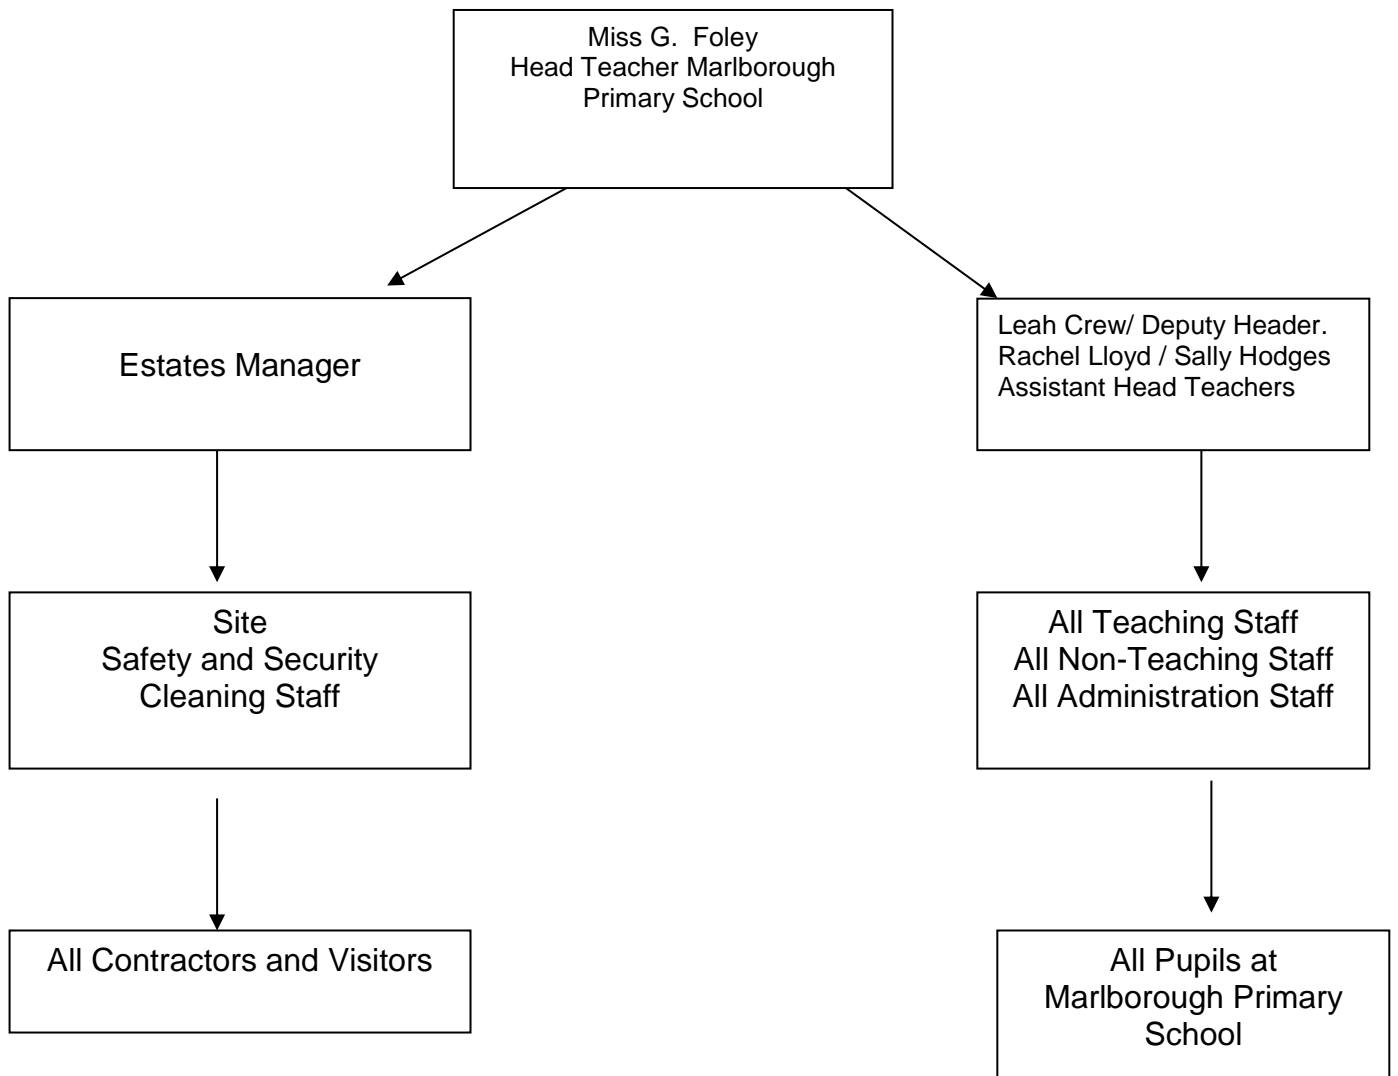

2.1 The responsibilities of the Council and Education Service are set out in both the Council Health and Safety Policy and the Education Service Health and Safety Policy. Specific health and safety responsibilities of School Governors and Head Teachers are referenced in 2.11 of the Council Policy and 4.3b and 4.3c respectively of the Education Service Policy.

The Health and Safety at Work etc. Act 1974 places overall responsibility for health and safety with the employer. The legal status of 'employer' varies with the type of school.

- For community schools, community special schools, voluntary controlled schools, maintained nursery schools and pupil referral units, the employer is the Local Authority (LA).
- For foundation schools, foundation special schools and voluntary aided schools, the employer is usually the governing body.
- For independent schools, the employer is usually the Governing Body or proprietor.
- In Voluntary Aided Schools, Governing bodies are the employer and consequently have a legal obligation to produce their own Health and Safety Policy and comply with all relevant health and safety legislation.

An organisation chart for the School, and the health and safety responsibilities of School staff and the Governing Body is detailed below. For specific health and safety responsibilities of identified staff please refer to Part Three - Arrangements and Procedures.

Organisation Chart

2.2 Education Service Responsibilities

2.2.1 Section 197 of the Education Act 2002 (Wales) enables the LA to form an agreement providing a formal legal basis that makes clear how the authority and the governing body of a school will discharge their respective statutory functions on specific matters, including health and safety. To ensure schools, regardless of their type, have a consistent and appropriate understanding of their health and safety responsibilities, each school is required by the LA to adopt the Education Maintained Schools Partnership Agreement. In signing the Agreement, the governing body acknowledges the school's legal responsibility and a defined number of actions to ensure legal compliance.

2.2.2 Each school is expected to produce and review a local Health and Safety Policy that is consistent with the Policy of the Education Service.

2.2.3 The LA must provide health and safety guidance to those schools and services where it is the employer. It must ensure that staff are trained in their health and safety responsibilities as employees and that those who are delegated health and safety tasks (such as risk assessment) are competent to carry them out. If a LA risk assessment shows that training is needed, the LA must make sure that this takes place.

2.2.4 Education employers have duties to ensure, so far as is reasonably practicable:

- The health, safety and welfare of teachers and other education staff;
- The health and safety of pupils in school and on off-site visits;
- The health and safety of visitors.

2.3 Governing Body Responsibilities

2.3.1 The Governing Body, with the Head Teacher, will: -

- Ensure compliance with all health and safety legislation;
- Appoint a governor to act as the governing body's contact point for all matters relating to the school's health and safety policy;
- Have in place a health and safety policy for the school that complies with legislation and follows guidance provided by the authority
- Monitor the operation of the policy and procedures;
- Be responsible for developing and allocating resources to ensure effective management of health and safety;
- Ensure health and safety is an integral part of management practices;
- Monitor management practices;
- Ensure that appropriate action is taken to address any shortcomings in any aspect concerning health and safety;
- Work with recognized trade unions to secure the health and safety of staff; and
- Contribute as appropriate to consultation on health and safety issues.

2.3.2 In schools with delegated budgets, if the Governing Body fails to carry out essential work for which it is responsible to ensure the Health and Safety of its staff, pupils and other people using the site, the Education Service, after consultation with the Head Teacher, can carry out essential work and charge it to the school's budget.

2.3.3 To support the Governing Body with its health and safety functions, a training program for Health and Safety Governors has been established.

The Governor who has been nominated to act as Health and Safety Governor in Marlborough Primary School is Richard Dent. This Governor will not be any more responsible for health and safety within the school than any other Governor. He will have no personal decision-making powers in relation to health and safety. However, he will: -

- Take a special interest in health and safety, checking that the Governing Body is meeting its objectives, and pointing out the health and safety implications of other actions under consideration.
- Support the Headteacher/Health and Safety Coordinator, as well as other members of staff, in the strategic management of health and safety.
- Provide a contact point for information, support, training and guidance from the Education Service

2.4 Head Teacher Responsibilities

2.4.1 The Head Teacher is responsible for the implementation of this Policy on a day-to-day basis. In conjunction with the points detailed in 2.9 of the Council Health and Safety Policy, and 4.3c of the Education Service Health and Safety Policy, the Head Teacher is specifically responsible for: -

- Developing, and implementing a, school Health and Safety Policy, having consideration to Regulation 5 of the Management of Health and Safety at Work Regulations 1999 regarding planning, organisation, control, monitoring and review and ensure inclusion of / reference to specific School arrangements.
- Ensuring that suitable and sufficient assessments of the risks to the health and safety of employees and other people, in connection with work activities have been carried out by a competent person. Relevant employees should be involved. The risk assessments should be uploaded onto the Health and Safety Management System (Ramis) and be kept under review.
- Continuing to ensure that, where significant risks are identified, safe systems of work and other control measures (including work instructions / method statements) are developed and implemented, remain effective and are revised if necessary.
- Ensuring there are appropriate, effective and documented operational monitoring arrangements for work activities. This includes supervisors / managers carrying out documented health and safety checks / inspections, as appropriate, and having monitoring arrangements in place to ensure identified actions are carried out.
- Submitting inspection reports to the Governing Body and/or the Education Service and acting where this is required.

- Passing health and safety information to relevant members of staff.
- Continuing, and developing, health and safety training plans and training matrices (where appropriate) for the school.
- Liaising with the Governing Body and the Education Service on matters relating to health and safety.
- Informing the Governing Body of action required to comply with health and safety legislation.
- Supporting the Governing Body in monitoring the school's health and safety performance.
- Co-operating with, and providing necessary facilities for, trade union safety representatives.
- Ensuring that contractors working on site are appropriately managed.
- Reviewing the health and safety management of contractors employed directly by the school.
- Following the Education Service's guidelines on health and safety

2.4.2 The Governing Body must ensure that, in the absence of the Head Teacher, the above responsibilities will fall to her assistant headteachers, and they will be made aware of what these responsibilities entail.

2.5 Senior Management Team / Heads of Department / Curriculum Leaders Responsibilities

2.5.1 As detailed in 2.10 of the Council Health and Safety Policy, and 4.3d of the Education Service Health and Safety Policy, Managers and Supervisors are responsible for ensuring that the health and safety arrangements in relation to the areas under their control are effectively implemented, maintained and monitored.

The Senior Management Team / Heads of Department / Curriculum Leaders are specifically responsible for: -

- Day-to-day management of health and safety in accordance with the Education Service Health and Safety Policy and this Health and Safety Policy
- Establishing and reviewing departmental procedures, including the provision of a Departmental Health and Safety Policy.
- Ensuring that suitable and sufficient risk assessments are carried out and reviewed by a competent person, and that the findings are communicated to relevant staff.
- Where appropriate, carrying out regular inspections, communicating the results to the Headteacher and ensuring action is taken to implement any recommendations made as a result of the inspections
- Arranging staff training
- Providing staff with health and safety information.

2.6 All Other Staff Responsibilities

As detailed in 2.12 of the Council Health and Safety Policy, and 4.3e of the Education Service Health and Safety Policy, other staff have specific responsibilities:

-

2.6.1 Teaching Staff Responsibilities

Teaching staff are specifically responsible for: -

- Day-to-day co-ordination of health and safety, and compliance with legislation in accordance with the Education Service Health and Safety Policy and this Health and Safety Policy
- Checking classrooms and workrooms are safe
- Ensuring that equipment is safe before use.
- Reporting any defects or health and safety issues
- Ensuring safe procedures are followed
- Ensuring that protective equipment is used, where appropriate
- Reading and complying with risk assessments for specific tasks.
- The safety of any pupils under their supervision during any organised activity or programme
- Recording any accidents on the Council's accident / incident report forms and returning them to their line manager for manager's comments.
- Leading their class to the designated assembly point for the building or other agreed place of safety, in the event of fire alarm activation and undertaking a roll call.

2.6.2 Estates Staff Responsibilities

Estates staffs are specifically responsible for: -

- Ensuring that fire evacuation drills are carried out at least once every term, in conjunction with the Head Teacher
- Ensuring that the fire alarms are function tested once a week and the emergency lighting is function tested once a month.
- Ensuring alarm/security systems are monitored and attend call outs, as required.
- Ensuring the planned maintenance of the premises and any emergency repairs, maintenance and testing is carried out.
- Ensuring that statutory inspections are undertaken
- Ensuring the testing and any subsequent maintenance of equipment is carried out.
- Advising the Head Teacher/Line manager of any defect identified as being unsafe, or repairs identified as being required to the sites, buildings and grounds. Following the site-specific procedure and taking whatever action is necessary to isolate the risk until repairs can be arranged.
- Ensuring that suitable and sufficient risk assessments are carried out for their activities, for general activities and for specific legislative requirements, e.g. COSHH
- Advising the Head Teacher of any situation which is unsafe or hazardous to health and which cannot be remedied from within the resources available.
- Liaising with and monitoring the activities of contractors, visitors and others on the site to ensure that any risks to the health and safety of staff and site users are kept to a minimum.
- Following procedures detailed in the Asbestos Management Plan for the school
- Ensuring that any contractors, or operatives, working on the fabric of the building complete, and sign, the relevant sections of the Permit to Work sheet within the site's Asbestos Management Plan.
- Completion of the Asbestos Permit to Work if they carry out work on the fabric of the building
- Ensure, if appropriate, that contractors are effectively managed in accordance with Council and legal requirements
- Attending pre-contract meetings for all works on site prior to commencement.
- Ensuring contractors follow the site-specific agreed procedures for contractors working on site, as identified within the Education Service Contractor documentation (Ramis Library Reference - ECL).

2.6.3 All Employees Responsibilities

As detailed in 2.12 of the Council Health and Safety Policy, all employees, regardless of position, have a legal duty to take care of their own health and safety, and that of other people who may be affected by their acts or omissions, and to co-operate with Marlborough Primary School and Cardiff Council to enable it to fulfil its health and safety obligations.

2.7 Pupils

As detailed in 4.3f of the Education Service Health and Safety Policy, pupils, and where relevant, parents or carers, will be made aware of arrangements, policies and procedures in respect of health and safety and pupils must follow all safe working practices and observe all school safety rules. Teaching staff will ensure that pupils will: -

- Follow all instructions issued by any member of staff in the case of an emergency.
- Ensure that they do not intentionally or recklessly interfere with equipment provided for safety purposes e.g. fire extinguishers, etc.
- Inform any member of staff of any situation which may affect the safety of anyone.

3.0 PART THREE – ARRANGEMENTS AND PROCEDURES

The following arrangements detail how the School will implement its Health and Safety Policy and also the Policy of the Education Service and should be read in conjunction with the Council and Education Service Polices

3.1 Accident / Near Miss / Disease Reporting and Investigation

The Administration Department are responsible for ensuring that the appropriate accident report forms are completed: -

- Employee Accident Report Form [4.C.043](#)
- Pupil Accident Report Form [4.ED.WC.006](#)
- Member of the Public/Service User Accident Report Form [4.C.045](#)
- Violence at Work Report Form [4.C.046](#)).

Accident report forms should be printed off the Cardiff Improvement System (CIS) as required, to ensure the most up-to-date version is used.

The Administration Department are responsible for forwarding the completed forms to the following: -

- Pupil Accident and Service User/Public Report Forms *to the Services and Compliance Team, Education Service, Bessemer Close, Cardiff CF11 8XL*
- Employee Accident Report Forms/Violence at Work Forms *to the Health and Safety Section, Corporate Resources, Room 413, County Hall, Atlantic Wharf, Cardiff CF10 4UW*

Serious incidents must be reported immediately to the Corporate Health and Safety Team on Tel: 029 2087 2635 or 029 2087 3967 and/or Services and Compliance on Tel: 029 2087 3715

The Services and Compliance Team is responsible for ensuring that the Health and Safety Executive (HSE) Incident Contact Centre is notified of any reportable accidents (including major injuries, absences over 7 days as a result of an accident at work, or if a pupil/member of the public is taken to hospital from the scene of the accident) on the F2508 form. This follows the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995.

All staff are aware of the importance of reporting all incidents, including near misses, in order that trends may be identified and accurate statistics can be collated for discussion at Education Service Senior Management Team meetings / Governors' meetings.

The Head Teacher and the Health and Safety Representative are responsible for carrying out accident investigations in Marlborough Primary School using the Cardiff Council Accident/Incident Investigation Form (see Appendix A of 1. CM.122 Council Code of Guidance for Accident Investigation)

For further information refer to:-

Council Code of Guidance for Accident Reporting

[1.CM.012 Code of Guidance - Accident Reporting.](#)

[1.CM.122 Code of Guidance - Accident Investigation](#)

3.2 Asbestos Management

An Asbestos Management Plan (AMP) containing details of the location, type and condition of asbestos is kept in all individual Education Service premises, where asbestos has been identified. The procedures there in and the Council Asbestos Policy and the procedures in the AMP must be followed by all Education Service premises.

An Asbestos Management File has been issued to premises where no asbestos has been identified and the Permit to Work system must be completed.

In respect of all buildings occupied by the Education Service, implementation of the Asbestos Management Plan/File will be the responsibility of the Duty holder, or their selected competent deputy / nominee. The responsible persons must have attended the Asbestos Awareness Training Session, organised by the Education Service.

The following information is conveyed to Governors at attendance at the Health and Safety Roles and Responsibilities of School Governors training facilitated by Governor Services.

- All schools have been surveyed and have either an Asbestos Management Plan (AMP) or Asbestos Management File (AMF)
- The responsibility for ensuring compliance with the AMP / AMF is primarily that of the Duty holder i.e. the Head Teacher

The Duty holder must ensure that all procedures are followed, including: -

- Consulting the AMP if any work disturbs the fabric of the building
- Consulting the Asbestos Controlling Officers (ACOs) if any work involves disturbing any asbestos containing materials or if there are any other queries
- Ensuring no one enters any area, e.g. ceiling / roof voids where it is stated that an asbestos survey has not been carried out, UNTIL the ACOs have been consulted. This includes external contractors and Council or school employees.
- Ensuring that the Asbestos Permit to Work Sheet is completed correctly, by the relevant people, if any work disturbs the fabric of the building, whether or not asbestos is present. There must be clear and sufficient detail of the work being undertaken and its location.
- N.B. *The relevant people will depend on the work concerned but will be the named duty holder, a competent person nominated by the duty holder, the Cardiff Council competent person managing the contractors (if Facilities Management or Projects, Design and Development are managing the contract), the contractor or Cardiff Council supervisor and operatives of the contractor or employees of the Council.)*
- Notifying the ACOs, using the Notification of Asbestos Remediation / Removal Work Form, when the work is completed so that record can be amended.
- Carrying out, and recording, the 6 or 12 monthly inspections detailed in the Asbestos Inspection Programme (AIP)
- Ensuring that all staff know the emergency action to be taken in the event of damage to asbestos containing materials.
- Ensuring that all staff are aware of the location of asbestos containing materials and the procedure detailed in the AMP.
- Keeping the AMP and AIP in a safe and easily accessible place

The Asbestos Controlling Officers can be contacted on Tel: 029 2078 5473/5475

The Services and Compliance Team has arranged a number of Asbestos Awareness for

Duty holders training sessions for Headteachers and other relevant staff. Please contact the Services & Compliance Team on Tel: 2087 3715 or e-mail educationhs@cardiff.gov.uk for details

The Duty holder responsible for the Asbestos Management Plan / File in Marlborough Primary School is Ms G Foley.

The Estates Manager has been assessed by the Duty holder as being competent to act on their behalf.

The Asbestos Management Plan / File is located in the Estates Manager's Office.

The Estates Manager has attended Asbestos Awareness Training and copies of this training are held in his personnel file.

All staff, including staff who visit parts of the building on an impromptu basis, e.g. to access switches, are aware of the location and condition of any asbestos containing materials. All staff know that they are not to 'pin' anything onto the walls if the walls contain asbestos.

The Asbestos Permit to Work must be completed by the relevant people before any work which disturbs the fabric of the building is undertaken. All Administration and Estates Staff are aware that this procedure must be followed.

Blank copies of the *Asbestos Permit to Work* are located at the following link:-
[Asbestos Permit to Work Form.](#)

Blank copies of the *Notification of Asbestos Remediation / Removal Form* are located at the following link [Notification of Asbestos Remediation / Removal Work](#)

The Estates Manager is responsible for ensuring that inspections, detailed in the Asbestos Inspection Programme, of the condition of asbestos are undertaken either every 6 months or 12 months, as identified within the AIP.

N.B. If any asbestos containing materials are found to be damaged, or remedial work to an area containing asbestos is being considered, the Asbestos Controlling Officers must be notified. They can be contacted on Tel: 029 2078 5473 / 5475.

3.3 Body Fluid Spillages

A risk assessment for cleaning up of blood and other bodily fluid spillages has been undertaken and communicated to all relevant staff.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.010 - Cleaning Up Blood and other Bodily Fluid Spillages](#)

Body fluid spillages are cleaned up as soon as possible by a variety of personnel on site, using the appropriate spillage kit. These spillage kits are kept in various locations, in all classrooms, the Disabled toilet in Foundation phase department and 1 in KS2 Hall, table and chair store.

If required the Education Cleaning Services Rapid Response Cleaning Team from Services and Compliance can be called in to undertake a 'deep clean'. They can be contacted on Tel: 029 2078 8212/8003/8209.

The school and the Governors employ their own cleaners and the relevant training for the Cleaners is organised and managed by the school.

The School will decide on who attends the Norovirus Training Course run by the Public Protection's Health Improvement Team and arrange the training through the Ramis System.

All suspected cases of Norovirus are reported to the Services and Compliance Team on Tel:- 029 2087 3714, who, in turn, will notify other relevant parties.

For further information refer to:-

[1.CM.021 Code of Guidance - Hygiene Precautions - Blood and Other Bodily Fluids.](#)

3.4 Breakfast / After School Clubs

The school runs a daily Breakfast club in the Foundation Phase Hall.

The Food Hygiene Rating Certificate for the Breakfast club runs in conjunction with the school's hygiene certificate.

There is also an after school club (Playworks) operating out of the school daily. The food hygiene rating for this club is displayed on their designated notice board.

All relevant documentation relating to the use of the school for Playworks is held on file in the Estates Manager's Office.

3.5 Catering

Marlborough Primary School opts into the Education Service Catering Services Service Level Agreement.

The school's Food Hygiene Rating Certificate is 5 and is prominently displayed on the school's front door.

Where the school opts into the Service Level Agreement, the Education Service Catering Services manages all activities relating to catering and the kitchen facility.

Education Service Catering Services communicates and organises relevant information and training relating to staff, e.g. risk assessments, and the school also advises the catering staff of the information regarding emergency procedures, etc.

3.6 Cleaning

Marlborough Primary School opts out of the Education Service Cleaning Services Service Level Agreement.

Where the school opts out of the Service Level Agreement, the School is responsible for all activities relating to cleaning

The school communicates and organises relevant information and training relating to staff. The school also advises the cleaning staff of the information regarding emergency procedures, COSHH. Etc.

3.7 Communicable Diseases

The procedures outlined in the Health Protection Agency document '*Guidance on Infection Control in Schools and Other Child Care Settings*' are followed for any pupil or member of staff with a prescribed illness or condition.

[Guidelines on Infection Control in Schools](#)

If it is suspected that there is an outbreak of any type of infection, the Headteacher / designated person contacts the Services and Compliance Team, Education Service on Tel: 029 2087 3714 in the first instance to inform them of the situation.

The Services and Compliance Team will inform the Council's Health Improvement Team and/or, if appropriate, the Consultant in Communicable Disease Control in Cardiff on Tel: 029 2040 2478. The appropriate team will then contact the school to inform them of the next stage to follow.

All members of school staff are advised and aware of this procedure.

3.85 Contractors

All contractors must sign in and out using the iPad located in front of the reception office on arrival, and departure from, the school. The school will provide the contractor with any relevant information e.g. emergency evacuation procedures. Administration staff will ensure this is done. *(NB This will need to be carried out in term time and in school holidays)*

Cardiff Council's Health and Safety Policy on the Management of Contractors applies to all contracts let by the Council and LEA maintained schools and is recommended to non-LEA maintained schools.

The Maintained Schools Partnership Agreement states that Governing Bodies will "work within Cardiff Council's or, where appropriate, the Welsh Government's approved Contractors Policy and ensure that contractors have been assessed in accordance with the authority's or, where relevant, the Welsh Government's, procedures."

A **contractor** means any contractor, supplier or provider with whom the Council enters into a contract for the carrying out of Works, provision of Services or the supply of Goods. The Health and Safety Executive defines a **contractor** as "anyone you get in to work for you who is not an employee."

Work activities carried out by contractors for Cardiff Council include, but are not limited to construction work, grounds maintenance, maintenance and servicing of buildings and equipment (e.g. lifts, boilers, electrical equipment, photocopiers, etc.), cleaners, caterers, training providers, locksmiths, skip hire, taxi services, furniture removal and storage and any external consultancy services.

A '**contract**' means any form of agreement (including, without limitation, official purchase orders) for the supply of Goods, (where this Policy applies), provision of Services or carrying out of Works.

The '**client**' is the officer or Directorate / Service Area or individual school who authorizes the carrying out of work, provision of services or supply of goods by a contractor.

The '**competent officer**' is the person designated by the Directorate / Service Area or individual school to ensure compliance with health and safety duties and implementation of this Policy. The person must, in respect of the contract concerned, have appropriate knowledge, experience, skills and relevant training, and awareness of their own health and safety technical limitations.

The '**contract manager**' is the person managing the contract. It may or may not be the '**competent officer**'.

Marlborough Primary School uses Education Service Schools Organisation Planning (SOP), or Projects, Design and Development (PDD) when major building work is undertaken at the school.

For work organised by the school, the management of the contractors is managed by the Estates Manager. He will liaise with the contractors on site.

When the school engages contractors directly, (i.e. acts as a client), the school is responsible for the management of the contractors. This includes selection of contractor, assessment of competency, meetings with the contractor, exchange of information, vetting of contractor information, management of the contractors on site, compliance with the Construction (Design and Management) Regulations 2015 (as appropriate) and post contract review.

In Marlborough Primary School the 'competent officer' for managing contractors employed directly by the school, is the Estates Manager. He has received appropriate training. A record of this training is kept in the main training file.

3.9 Display Screen Equipment (DSE)

Display Screen Equipment assessments are carried out by a competent person using the DSE risk assessment form.

[4.C.048 - DSE Risk Assessment Form](#)

DSE assessments are reviewed annually or if anything changes.

DSE assessments are kept in personal files.

If the DSE assessor has a problem, they should seek advice from the Health and Safety Adviser/s after carrying out an initial, recorded assessment. If it is necessary for medical advice relevant to the DSE issue to be provided in a medical report, the individual employee should be referred to the Occupational Health Service by the Head Teacher.

3.10 Educational Visits

The role of Educational Visits Co-ordinator (EVC) is undertaken by the Deputy Head teacher. They are a senior member of school staff with substantial experience of leading visits. The EVC is responsible for ensuring that all visits follow the principles of good practice laid down by the Welsh Government and Cardiff Council.

As laid down in the Education Service Health and Safety Policy, the other responsibilities of the EVC are: -

- To Champion learning outside the classroom
- Cascade central messages from EVC Training to colleagues
- Ensure that correct procedures are being followed
- Ensure Risk Assessments are in place for all visits
- Circulate important information as and when received from the Council
- Arrange induction and provide support for younger staff
- Occasional monitoring of provision
- Promote a culture of sensible Risk Management

The EVC attended Educational Visits Co-ordinator training.

The approval of low risk visits is delegated to either the EVC or the Head Teacher. There is no requirement to inform Cardiff Council of such visits, although if the visit includes adventurous activities or a trip abroad, **the Education Visits Advisor (EVA) must be informed and approval obtained.**

The Educational Visit Approval System (EVOLVE) is used to plan and approve all visits involving adventure activities and all residential visits.

The school's Educational Visits Policy is uploaded on *EVOLVE* / stored in the schools shared drive for all staff to access.

3.11 Electrical Equipment [fixed & portable]

Arrangements are in place for fixed electrical installations to be inspected via a Service Level Agreement (SLA) with Building Services, once every five years.

Any remedial work identified is undertaken by the school or, if LEA responsibility, and included within a planned programme of works.

Certificates of testing are kept by the Estates Manager and are filed in his Office.

Portable electrical equipment is visually inspected by the school staff before use. As determined by a risk assessment and current guidelines, the school will ensure that all electrical equipment will be subject to the appropriate testing. This will include Catering and Cleaning electrical equipment if the school has not opted into the Education Service SLA.

The records of the portable electrical equipment inspections and tests are kept in the Estate Manager's Office.

Stickers are affixed onto the plugs of portable electrical equipment to indicate when the last tests were carried out and when the next test is due.

Portable electrical equipment is visually checked by the users of any equipment before the equipment is used. The equipment is checked, for example, for damage to the cable sheath, plug, external casing and for evidence of overheating.

Any damaged equipment is taken out of use and labeled "DO NOT USE - ELECTRICAL FAULT" and reported to Administration Department through the normal channels to be made safe or disposed of.

Members of staff and pupils are aware that they must not bring personal electrical equipment into school, unless the equipment has been inspected and / or tested by a competent person.

For further information refer to:-

3.12 Emergency Procedures

The school uses the Emergency Management Unit's 'Emergency Incident Response Plan Template' to record the arrangements for dealing with foreseeable emergencies. This is communicated to staff.

The Head Teacher has attended the Emergency Planning Training Course

Type of emergency procedure	Location(s) of procedure / guidance within School
Fire Evacuation Procedure	Located in Fire File and Emergency Planning File
Bomb Alert	Located in Emergency Planning File
Gas Leak	Located in Emergency Planning File
Electrical Fault	Located in Emergency Planning File
Water Leak	Located in Emergency Planning File
Storm / Flood / Weather Damage	Located in Emergency Planning File
Persons Threatening Violence on Site	Located in Violence at Work Policy, Violence at Work Risk Assessment, Lone Working Risk Assessment
Dangerous Animal(s) on Site	No Policy Available

3.13 Fire Precautions & Procedures

The school has a Fire Risk Assessment (FRA) which was carried out by the Area Planning Officer. This is undertaken every 3 years by an Area Planning Officer, unless there are changes in use or layout of an area, in which case the FRA is reviewed at the time of the change. A copy of the FRA is kept in the Fire File kept in the Estates Managers office. The FRAs are reviewed annually by the school.

A Fire Risk Assessment for the kitchen is carried out annually by Catering Services.

Every year, the FRA is reviewed by Head Teacher, Administration Department and Estates Manager, who has received training in the Fire Risk Assessment Review.

Fire evacuation drills are carried out every half-term, and the dates are recorded within the fire log book. Staff feedback sessions are held to discuss the evacuation and whether it can be improved in any way.

Fire action notices are displayed conspicuously in every classroom and also at various locations so that everyone knows what to do in the event of a fire or other emergency.

Nominated members of staff have specific roles throughout the school

Name	Area / Location covered
Head Teacher	Whole School
Administration Team	Whole School

Designated assembly points are located on the main school yard and the secondary point is located in the Nursing home car park as far away from the school as possible.

All members of staff are responsible for ensuring the fire escape routes are kept free from obstructions.

Smoke control doors are not wedged open, and if held open by means of electro-magnetic devices, these are regularly maintained.

Firefighting equipment is located throughout the school. It is inspected by a competent person, annually.

The fire alarm system is inspected by a competent person six monthly.

The emergency lighting system is inspected by a competent person six monthly.

The fire alarm is function tested once a week by the Estates Manager using a different call point for each test.

The emergency lighting is function tested once a month by the Estate Manager.

The inspections and tests of the fire alarm and emergency lighting systems are recorded in the fire log book. The inspections of the fire extinguishers are recorded on stickers on the extinguishers.

The Fire Log Book is located in the Estate Manager's office.

The Evacuation Procedures for the school are displayed in prominent locations

A Standard Evacuation Plan (SEP) is available and is displayed in the main reception area. This outlines the fire evacuation procedures for visitors with a disability.

If a pupil or member of staff has a disability which requires them to have assistance in evacuating the building, then a Personal Emergency Evacuation Plan (PEEP) will be completed by the Assistant Head Teacher.

The school's first aiders are listed below

Name	Name
Anna Mitchell (First Aid at Work)	
Donna Reece (First Aid at Work)	
All Teaching Assistants (Schools First Aid)	
All Cleaning Staff (Schools First Aid)	
Breakfast Club staff (Schools First Aid)	

There school has taken the decision based on the number of pupils and the risks at the school that there are adequate first aiders to ensure sufficient cover at all times when the school is open. Breakfast clubs should organise their own First Aid Cover and all lettings are told in the Letting agreement about First Aid arrangements and need for cover.

First aid boxes are located in the First Aid Area and main office.

Responsibility for checking and restocking the first aid boxes is delegated to all First Aiders

First aid training dates are monitored by the Administration Department during audits and through Ramis to ensure that first aiders carry out refresher training before their certificates expire.

If a pupil has to be taken to hospital, the Head Teacher will decide who accompanies them in the ambulance, and who notifies the relevant parent / guardian. The Pupil Accident Report Form will be duly completed and submitted to the Services and Compliance Section, Education Service.

3.15 Glazing

Regulation 14 (1) of the Workplace (Health, Safety and Welfare) Regulations 1992 states that 'every window or other transparent or translucent surface in a wall or partition and every transparent or translucent surface in a door or gate shall, where necessary for reasons of health or safety: -

- (a) be of safety material or be protected against breakage of the transparent or translucent material; and
- (b) be appropriately marked or incorporate features so as, in either case, to make it apparent.

Where necessary, for reasons of health and safety, any glazing which is not made of safety material is replaced with 'safety glass', e.g. laminated or toughened glass or is filmed to prevent / reduce shattering on impact.

Any replacement work will be updated within the glazing log.

3.16 Hazardous Substances – Control of Substances Hazardous to Health (COSHH)

Manufacturers' safety data sheets are obtained by Estates Manager/Administration Department for any substances which are classified as hazardous to health.

COSHH assessments are completed by Estates Manager for any activities which involve the use of hazardous substances. Some of these assessments are produced from the SYPOL system and Estates Manager will be trained in the use of this database.

Hazardous substances are substituted with less hazardous ones, where possible.

Control measures, for example, local exhaust ventilation and personal protective equipment, are provided, used and maintained where they have been identified as control measures in the COSHH assessment.

Members of staff are informed of the hazards associated with the substances they use and trained in the correct use of control measures, including personal protective equipment as specified within the COSHH assessment.

Hazardous substances used by the Estates Manager are stored in appropriate containers within his workshop. Hazardous substances, for example, cleaning products for cleaners are kept in a locked store.

Any chemical or substance which has the means of causing harm will be stored safely as per the COSHH assessment

Records of the COSHH assessments are kept in a File in the Estates Manager's Office.

The names of those staff responsible for the appropriate storage and use of the hazardous substances are located in Training File.

3.17 Health and Safety Advice

The school obtains competent health and safety advice from the Council's Corporate Health and Safety Advisers (Tel: - 029 2087 3967). Contact details are available in the school's staff handbook and also on the staff notice board, which is displayed in the staffroom.

General health and safety information is available on the Corporate Health and Safety intranet site and on Cardiff Information System (CIS). Education specific health and safety information is available on CIS.

3.18 Housekeeping, cleaning & waste disposal

All staff are responsible for ensuring that good standards of housekeeping are maintained.

The school is cleaned by cleaners employed by School.

Suitable and sufficient risk assessments and accompanying work instructions are carried out for relevant housekeeping activities.

Wet floor cleaning is carried out outside school hours. Warning signs are displayed when wet floor cleaning is carried out.

Rubbish bins are emptied daily by the cleaning team and rubbish is disposed of into the external waste bins located in the bin compound. The waste bins are sited at maximum distance away from the school at the current time.

Spent fluorescent tubes are stored in Estate Managers workshop until a sufficient number are accumulated prior to their appropriate collection and disposal by a competent company.

Glass or sharp objects are wrapped in newspaper, placed in a strong container and disposed of in the school's external waste bins. Gloves are worn to dispose of any glass or sharp objects.

3.19 Induction

New members of staff are instructed in the school's health and safety arrangements by Head Teacher. The following topics are included

- i) Council, Education Service and School Health and Safety Policies
- ii) Accident / Violent Incident Report Procedures
- iii) Violence at Work, Stress, Alcohol and Drug Misuse, Smoking Control and Manual Handling Policies
- iv) Emergency evacuation procedures
- v) First aid arrangements
- vi) Risk assessments (general, display screen equipment, manual handling and COSHH)
- vii) Personal protective equipment
- viii) Job and site-specific health and safety issues and information
- ix) Employee Counselling Service and stress management courses
- x) Safety representatives
- xi) Health promotion initiatives e.g. Employee Active Card, Lifestyle Awareness
- xii) Employee Health and Safety Handbook
- xiii) Occupational Health Service
- xiv) Where to get further Health and Safety Information
- xv) What to do if there is a problem
- xvi) Service Area Health and Safety Induction Pack

Supply staff are briefed on the school's emergency procedures (fire and first aid procedures), risk assessments, the accident / violent incident reporting system and other relevant health and safety information by Administration team.

3.20 Legionella

A new Legionella Risk Assessment has been completed by our water management company who manage the monthly monitoring at the school.

This survey has been organised by Facilities Management Cardiff Council.

The risk assessments identify the risks due to legionella bacteria and detail a control scheme of the measures needed to reduce the risks. The risk assessments, and all other relevant documentation relating to the management of legionella, are filed in a Water Management File which is located in the Estates Manager's Office. These are reviewed every 2 years, or whenever there is reason to believe the risk assessment is no longer valid.

If any actions are identified through the risk assessment, remedial work is undertaken either directly funded by the school or through the Education Service or Facilities Management.

The water temperatures are tested on a monthly basis.

Additional control measures, for example, *periodic maintenance / cleaning of equipment, such as, , regular running of outlets , spray head cleaning* are carried out by Estates Manager.

For further information refer to:-

3.21 Lettings / shared use of premises

An agreement between the school and the hirer is signed prior to the hire taking place. This agreement is kept by Head Teacher in the Lettings File in the Head Teachers Office.

This agreement details whom is responsible for what and includes written information detailing the school's emergency procedures.

A risk assessment for the hire of the school premises has been undertaken and communicated to all relevant staff.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.004 - Hire of School Premises](#)

Appropriate checks are made by Head Teacher regarding the following: -

- Whether the hirer has sufficient public liability insurance, i.e. a minimum liability of £5 million. The hirer must provide the name of the insurance company and the policy number on the booking form and attach a copy of the current insurance policy.
- Disclosure and Barring Service (DBS) disclosures and safeguarding checks. It is the hirer's responsibility to ensure that all* persons over 16 present in connection with the hire will have a current DBS certificate.

*This excludes parents/grandparents attending a children's birthday party or similar event. However, where someone is employed / volunteers to 'work/supervise' at a party, it is up to the event organiser to be satisfied that they have a valid DBS check.

- A clear audit trail for all income generated and payment to staff in connection with the booking.

3.22 Lone Working

Lone workers are those who work by themselves at any time without close or direct supervision. They are found in a wide range of situations and include:

- (i) People in fixed establishments where:
 - Only one person works on the premises
 - People who work separately from others*
 - People who work outside normal hours

*Note: This includes people in isolated areas of sites or premises where other people are present elsewhere

- (ii) Peripatetic employees working away from their fixed base.

A risk assessment for estate staff lone working has been undertaken and communicated to all relevant staff. Risk assessments are also carried out for cleaning staff and others who work alone.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.012 - Estates Staff Lone Working](#)

The following precautions are adopted by members of staff who work alone at the school

- Notifying another person of the time when they expect to finish lone working and informing them when they finish lone working.
- Access to mobile telephones and / or two-way radios.
- Making the school secure by locking the external doors when lone working.
- Not carrying out high risk activities, such as, working at height when lone working.

A system for checking / monitoring these precautionary measures is in place and is assessed when any working practice was to change.

3.24 Manual Handling & Lifting

Manual handling of objects risk assessments are completed and reviewed by the Head Teacher for any tasks where there is a risk of injury and where manual handling cannot be avoided. These risk assessments are kept in main Risk Assessment file in the main administration office. Copies also kept in the Estates Managers office.

Appropriate precautions are introduced to reduce the risk of injury, for example, the use of lifting and handling aids, such as, *trolleys, trucks, hoists and lifting aids*. Manual handling training, in accordance with the All Wales Manual Handling Passport Scheme, is provided to members of staff who carry out manual handling. The training is organised by the Services and Compliance Section, Education Service.

Where pupils are required to be lifted or moved, where possible, this will be by means of mechanical aids, e.g. hoists, etc. If it is necessary to lift a pupil, this is done as a last resort and those members of staff have received appropriate training in the handling of people. Training on people handling has been provided by (Debbie Palfrey, Pupil Handling Trainer, based at Ty Gwyn School).

To ensure that manual handling activities are carried out correctly and in accordance with the risk assessment, the activities are monitored by the Head Teacher – Head Teacher using the Manual Handling Monitoring Checklist [Manual Handling Monitoring Checklist](#). If monitoring is not undertaken, manual handling refresher training is required every year. If monitoring is undertaken it is required every three years unless it is needed more frequently by the individual. Monitoring records are kept

3.25 Monitoring of Health and Safety

It is the responsibility of the Head Teacher to ensure that there are suitable documented procedures in place to ensure evidence of timely monitoring of: -

- Implementation of the Health and Safety Policy
- Suitability, and review of, risk assessments and appropriate control measures
- Achievement of objectives in the Education Service Annual Health and Safety Action Plan
- Carrying out of recommendations made by Health and Safety Advisers in Inspection Reports or otherwise
- Accidents and violent incidents (and any resultant investigations)
- Workplace/activity inspections by managers and supervisors. These Health and safety inspections are carried out termly and documented using, for example, the School Building / Site Inspection Checklist.
- Health surveillance procedures, e.g. audiometry testing, hand arm vibration
- Manual handling operations
- Building and premises management
- Management of asbestos
- Health and safety training needs analysis (via Performance Reviews) and provision of training
- Contractors work activities
- Other issues as appropriate

Marlborough Primary school's monitoring arrangements include: -

Consideration of the following at full Governing Body / Sub Committee Meetings / Senior Management Team (or equivalent management meeting):-

- Health and Safety Policy
- Health and Safety Action Plan
- Accident statistics report

- Health and Safety Inspection Reports provided by Health and Safety Advisers
- Health and Safety Inspection Reports provided by managers
- Other health and safety issues as appropriate including monitoring information

Health and Safety Advisers, Corporate Resources, carry out inspections/audits of school health and safety management. These inspection reports are reviewed and the recommendations are actioned by Head Teacher, Administration Department and Estates Manager.

Workplace / work activity inspections by managers which are planned and documented. Consideration of specific health and safety responsibilities and training needs in Personal Performance and Development Reviews.

The school has a risk assessment review process in place which outlines stages following requirement to review risk assessments.

Nominated persons who have responsibility for these monitoring activities are detailed below.

(NB. Any monitoring forms used in school should be referenced.)

Name	Monitoring Activity / associated documentation
Head Teacher

3.27 Noise

A noise risk assessment is carried out in any areas of the school where employees are exposed to noise above the lower exposure action level. This is generally in areas where employees have to raise their voices to have a normal conversation when they are about 2 metres apart. Copies of risk assessments are kept in main Risk Assessment file.

Employees are likely to be exposed to noise above the lower exposure action level in areas, such as, music and design and technology departments.

Action is taken to reduce the noise exposure of any employees exposed to above the upper exposure action level. The action taken includes; *using quieter equipment or a different, quieter process; engineering/technical controls to reduce, at source, the noise produced by a machine or process, using screens, barriers, enclosures and absorbent materials to reduce the noise on its path to the people exposed; designing and laying out the workplace to create quiet areas; improved working techniques to reduce noise levels; limiting the time people spend in noisy areas.*

Hearing protection is made available to employees who are exposed to above the lower exposure action level and is worn by employees who are exposed to above the upper exposure action level.

If the school identifies any areas then we will apply the procedures below.

Health surveillance, in the form of audiometry, is provided to employees who are exposed to above the upper exposure action level. Employees working in the following areas are provided with audiometry tests by a competent company or the Occupational Health Service. Records are kept in Certificates and Training File.

Information, instruction and training about risks associated with exposure to noise and the measures taken to reduce noise exposure is provided to employees exposed to above the lower exposure action level.

For further information refer to:-
Council Code of Guidance on Noise

3.28 Personal Protective Equipment [PPE]

Personal Protective Equipment (PPE) will be appropriate for the activity for which it is required and will meet the necessary specification identified within the relevant risk assessment. PPE is assessed to determine that it is suitable for the tasks being undertaken by Estates Officer. It will be issued as a last resort measure, following other means of controlling the risk in the first instance.

Risk assessments will identify who requires PPE, what PPE is needed, such as helmets, overalls, gloves, footwear, goggles, hearing protection and the specification of PPE required. It will be provided, together with the necessary instructions and training (including refresher training) to enable proper use, storage and care. A record of the training given will be kept and held in main Training File. PPE is stored in cupboards or cases to ensure that it is kept clean and in good repair. The relevant risk assessments are kept in Risk Assessment File.

PPE is maintained or replaced, in the case of disposable items of equipment, in accordance with the manufacturers' instructions.

Members of staff who require the use of PPE are provided with it free of charge and are issued with instructions to ensure that it is used correctly. They are also instructed to report any problems with the use, or significant wear or deterioration of the equipment to their manager. Failure to use PPE, or use it properly, may result in disciplinary action being taken against the employee.

A record of the PPE used will be recorded using the Issue of Personal Protective Equipment form 4.C.481. The records are kept by the Administration Office.

Jobs / tasks where risk assessment has identified the use of PPE are listed below

Task	Type of PPE & specification
Rock Salt Spreading	Gloves, boots, safety glasses
General Estates Work	Various items
Boiler Room Work	Gloves , mask advisable.

3.29 Pest Control

The Head Teacher is responsible for ensuring that a pest management contract in the form of a *Service Level Agreement with Cardiff Council's Pest Control*.

Sightings of pests are reported to Estates Manager. It is the responsibility of this member of staff to make the necessary arrangements for call outs.

A risk assessment has been carried out for any potential access to leftover bait.

3.30 Playground Safety

A risk assessment for pupils' recreational breaks has been undertaken and communicated to all relevant staff. The risk assessment is located in the main Risk Assessment File.

3.32 Premises Management

The Estates Manager, Administration Department and Head Teacher are responsible for managing the building. They will ensure that appropriate systems and documentation are in place in respect of the following: -

- Building/premises related risk assessments
- Day to day management of the health and safety management of the building/premises, including regular inspections / checks
- Asbestos
- Contractors
- Fire safety
- Fixed electrical installation
- Legionella
- Heating, gas and other mechanical systems
- Lifts
- Maintenance work
- Monitoring (documented) of health and safety arrangements including formal, at least quarterly, inspections to ensure risk controls are effective
- Security
- Statutory checks/inspections
- Physical condition of the building and environment
- Traffic management
- Compliance with Workplace (Health, Safety and Welfare) Regulations 1992 (as amended)
- Cooperation with other building/premises occupiers as appropriate
- *Add any other issues*

The health and safety management responsibilities for managing buildings are outlined in the Council Code of Guidance on Buildings and Premises Management.

A separate booklet outlining the responsibilities of Facilities Management, Education Service and the school is used as a reference tool.

For further information refer to:-

3.33 Premises Security

A risk assessment for the security of the site and buildings has been undertaken and communicated to all relevant staff. The risk assessment is located in the Risk Assessment File.

The boundary of the school is secure at all times.

Access to the school is controlled by *a controlled Net 2 access system*.

All visitors, including Council staff and contractors must to sign the visitor signing in book upon arrival at and departure from the school, are asked for identification, are escorted to and from their destinations.

Members of staff challenge strangers.

The exterior of the school is adequately lit.

3.34 PTA (Parent Teacher Association) and Other Events

The Head Teacher has overall responsibility for ensuring that the chair of the Parent Teacher Association (PTA), (or the person organizing the event) is responsible for, and carries out, risk assessments for any PTA or other organized events.

[http://web1.cardiff.gov.uk/corpgms/SCHOOLS_SERVICES%2FHealth and Safety/4.SC.COMP.007 School Security.doc](http://web1.cardiff.gov.uk/corpgms/SCHOOLS_SERVICES%2FHealth%20and%20Safety/4.SC.COMP.007%20School%20Security.doc) The chair of the PTA (or the person organizing the event) is responsible for ensuring that there is adequate insurance in place for the event.

All specialist equipment hired for events, for example, bouncy castles, are supplied and erected by competent persons.

Adequate numbers of staff and members of the PTA are available at events to supervise and direct people in the event of an emergency.

Adequate first aid facilities and qualified first aiders are provided at events.

3.35 Pupils with Medical Needs

The DfES / Department of Health document 'Managing Medicines in Schools and Early Years Settings' provides the framework for the management of medicines in the school.

The school has developed a Policy on the management of pupils with medical needs. The procedure is located in Policy File.

Lifesaving medication (ie.Epi pens and Antihistamine pumps) are safely stored in the administration office and any necessary classroom.

For further information refer to:-

3.36 Reporting Defects

Members of staff report hazards to the Administration Department or the Estates Manager if on site and available. The administration department will pass on the details of any concerns to the Estates Manager when they are back on site or deal with the issue themselves if they feel it urgent and demands immediate attention.

Health and safety walkabouts to identify hazards are carried out by Governors Safety Committee every term using the School Building / Site Inspection Checklist / any other checks.

The Estates Manager arranges any remedial works.

For further information refer to:-

School Building / Site Inspection Checklist

3.37 Risk Assessments

Regulation 3 (1) of the Management of Health and Safety at Work Regulations 1999 states that every employer shall make a suitable and sufficient assessment of

- (a) the risks to the health and safety of their employees to which they are exposed whilst they are at work; and
- (b) the risks to the health and safety of persons not in their employment arising out of or in connection with the conduct by them of his undertaking

For the purposes of identifying the measures he needs to take to comply with the requirements and prohibitions imposed upon them by or under the relevant statutory provisions.

Risk assessments are undertaken by Head Teacher and are kept in the main Risk Assessment File in the Estates Manager's office.

The following members of staff have undertaken risk assessment training which is organised by the Services and Compliance Section: -

Risk Assessor	Date of Training
Head Teacher	15/03/15
Estates Manager	14/02/2018

Generic risk assessments are available on the Council's CIS system.

[Education Service Health and Safety Information on CIS](#) The generic risk assessments should be adapted to the specific circumstances at the school.

Members of staff refer to curriculum specific guidance to assist them in completing risk assessments for specific departments. For example, guidance produced by organisations, such as Consortium of Local Education Authorities for the Provision of Science Services (CLEAPSS), Design and Technology Association (DATA), Association for Physical Education (AfPE) and National Society for Education in Art and Design (NSEAD).

The risk assessments are reviewed annually or when the circumstances to which the risk

assessments relate changes.

Completed risk assessments are brought to the attention of relevant staff by Head Teacher.

Risk assessments carried out for school are listed below.

3.38 Slips, Trips and Falls

Slips, trips and falls are one of the main causes of accidents in schools. Head Teachers and SLT have specific responsibilities in ensuring the physical premises and environment and workplace layout is suitable, but all employees have responsibilities to ensure the risk of slips, trips or falls are eliminated or reduced by:

- Ensuring good housekeeping
- Using suitable equipment e.g. when accessing high shelves
- Cleaning up spillages
- Not obstructing areas e.g. with redundant furniture, computer equipment.
- Wearing suitable footwear
- Reporting any hazards which they cannot address, e.g. condition of playground / play areas
- Paying attention to what they are doing.
